DAY 1 & 2: WALK ON THE WILD SIDE

This immersive 3-day Wilderness Walking Trail is designed for true adventurers and nature lovers seeking a deeper connection with the African bush. Operating within the 8,000-hectare Maseke Game Reserve in the Greater Kruger ecosystem, this experience focuses on exploration on foot through rugged, undulating terrain.

Guided by Magagazi's professional walking guides and tracking team, guests experience the bush at ground level – reading tracks, understanding animal behaviour, and learning the subtle language of the wilderness. Nights are spent in a fully serviced mobile camp, allowing the journey to move with the landscape.

This is a safari stripped back to its essence: walking, learning, and being present.

DAILY EXPERIENCE

DAY 1 - ARRIVAL & FIRST WALK

Guests arrive in the Maseke Game Reserve and are welcomed by the Magagazi guiding team. After a safety briefing and orientation, the first guided walk begins, setting the tone for the days ahead. The afternoon ends at a secluded mobile camp location, where sundowners are enjoyed around the fire before dinner under the stars.

DAY 2 - FULL WILDERNESS IMMERSION

The day begins early with coffee by the fire, followed by an extended morning walk through varied terrain. After brunch and rest at camp, the afternoon walk explores new areas of the reserve. Evenings include a relaxed sundowner and a short night drive, offering the chance to encounter nocturnal wildlife and predators.
